To Whom It May Concern;

My prayer is that you are being blessed by our Lord Jesus Christ.

Missionary JoAnn Riley organized and led a week long activity at our church called KidsQuest about two years ago where she involved a group of about twenty five of our teenagers, teaching, training and ministering to them every day from 8 AM to about 5 PM on how to reach kids for Christ. After the training they led a service with all kinds of activities like clowns, tricks, Bible stories, etc. which was a great success. We had many kids giving their lives to the Lord for the first time and many others consecrating themselves to live for him. Every day our teenagers went to the streets to give away flyers and to invite children from the neighborhood. This was the first time most of them experienced ministry.

The other great thing about this activity is that it involved many of the parents, not only bringing their teens but contributing with and preparing lunch and snacks for them. At the end the whole congregation was blessed. We are really grateful with JoAnn for taking her time to come and teach us how to reach kids for Jesus and I would recommend her to any other church.

If you need more information regarding this issue, please don't hesitate to contact us at our phone number.
